EDUCATION CONFERENCE  
CENTER**

# MARINE SCIENCE

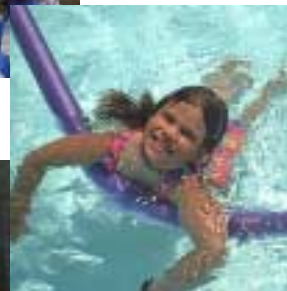

From pocosin forests to broad bays, estuaries to creeks, wetlands to sandy shores, the area surrounding the Eastern 4-H Center provides some of the most diverse and unique environmental settings in the country.

The Center's fully equipped Wetlab provides equipment and staff trained to give hands-on experiences.

You will enjoy splashing in the pool, campfire gatherings, fishing, sports, initiative games, and having delicious meals in our Dining Hall with your friends!

Learning valuable skills and building lifelong friendships while having fun will make this an experience you will never forget!

# SAILING

Come explore the extraordinary! Learn to sail across the bay with your partner and explore all that the surrounding areas have to offer.

Our camp practices a "safety first" philosophy. Our waterfront is staffed by ARC certified lifeguards.
